

Game Ready™

**Sports Turf
Root Zone
Surfactant**

GENERAL INFORMATION

Game Ready is a root zone surfactant designed to restore the uniform movement of water into and through sports turf and athletic fields. **Game Ready** will also increase infiltration and lessen run-off of applied water to enhance the *Hydration Zone*. **Game Ready** is easy to use and will not harm turf when used in accordance with product directions. When used as directed, **Game Ready** can be applied at any time of the year when high play volume impacts the vigorous appearance of sports turf.
